LANCAIR
HIGH-PERFORMANCE AIRCRAFT

NATIONAIR
AVIATION INSURANCE

SPECIAL GUEST SPEAKER: NASA JPL, INSTITUTE FOR SPACE &
ASTRONAUTICAL SCIENCES TEAM MEMBER,
ALBERTO BEHAR, PHD

Lancair 320 pilot Dr. Alberto Behar has been a member of the Robotic Vehicles Group for NASA's Jet Propulsion Laboratory since 1991. His team designed the rovers and in-situ surface systems for several NASA planetary exploration missions. Dr. Behar holds a PhD in Electrical Engineering (Astronautics Minor) from USC, an ME from Rensselaer and an MS with Specialization in Robotics from USC. His primary interests include developing, testing and deploying architectures for planetary surface spacecraft and devices exploring remote, extreme environments on Earth. In his spare time, Dr. Behar holds a professorship at Arizona State University, as well as Rotary and Fixed-Wing pilot certificates with Multi, CFII and ATP ratings. He also holds a type rating in the Gulfstream G5 and is a certificated A&P mechanic.

Come to the LOBO banquet at AirVenture 2013 to hear Dr. Behar speak about his experience as an investigative scientist on the Mars Curiosity Rover team!

DETAILS:

LOBO Member per ticket: \$33.00 (Dues current for 2013)
Non-LOBO Member per ticket: \$39.00
